Dear Sir,

I am certain you are familiar with the fourteen year old mystery of cattle mutilation that has existed in twenty seven states.

While theorists variously subscribe to the cult, UFO, and predator theory, "Endangered Species" offers its own conclusion as to who is responsible for the mutilation phenomenon.

You and your guests are cordially invited to attend a private pre-showing of the MGM/UA feature film "Endangered Species."

THE TIME: 8:00 P.M.

THE DATE: Friday, October 8th

THE PLACE: Motion Picture Assoc. of America  
1600 I Street N. W.  
Washington, D. C.

Refreshments will follow the screening.

Cordially,

*Sid Zins*
